

Peddapalli Satya Venkata Siva Durga Prasad

Kakinada, Andhra Pradesh | psivadurgaprasad88@gmail.com | +91 90305 12334 | LinkedIn | GitHub | LeetCode

Professional Summary

Aspiring **Software Engineer** and final-year B.Tech CSE student (2027) with hands-on internship experience building production-ready full-stack web applications. Proficient in **Python, React.js, Node.js**, and **RESTful API** development with strong foundations in **Data Structures & Algorithms, OOP, DBMS, and SQL**. Solved **380+ LeetCode problems**. Hackathon winner with a drive for clean, maintainable, and collaborative software development.

Technical Skills

Programming Languages: Python, JavaScript (ES6+), TypeScript

Web Technologies: React.js, Next.js, Node.js, Express.js, HTML5, CSS3, Tailwind CSS, REST APIs, WebSocket

Databases: MySQL, MongoDB, Supabase (PostgreSQL)

Tools & Platforms: Git, GitHub, Postman, Vercel, GitHub Actions, JWT, OAuth

Core CS Concepts: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

Engineering Practices: Agile/Scrum, SDLC, Debugging, Unit Testing, Code Review, RBAC

Experience

Innov2Grow - Software Engineer Intern

Aug 2025 – Jan 2026

- Developed and deployed a production-ready full-stack application using **React.js** (frontend) and **Node.js/Express.js** (backend) with **RESTful APIs**; implemented code splitting and lazy loading to improve page load performance.
- Engineered scalable backend services handling high-volume API traffic and reduced response latency through route optimization and query profiling on **MongoDB**.
- Optimized **database schemas** with strategic indexing, improving query efficiency for large-scale user data.
- Collaborated in an **Agile/Scrum** environment through daily stand-ups, sprint planning, and code reviews, following standard **SDLC** practices.

C4GT-HUB (KIET) | *Full-Stack Developer* (In collaboration with IIIT Hyderabad – Raj Reddy Centre)

Aug 2026 – Present

- Contributed to **Dev Stack** in last year, a hackathon management system, by developing and integrating features using **React.js, JavaScript, REST APIs, and MongoDB**.
- Participated in collaborative feature development, testing, and debugging cycles, reinforcing best practices in version control (**Git**) and team-based software delivery.
- Developing a centralized **Student Activity Management System** to manage, track, and verify student participation across academic, technical, cultural, and extracurricular activities.
- Building a **digital student portfolio system** for showcasing achievements, skills, certifications, projects, and overall college engagement.

Projects

TalentPath – Full-Stack E-Learning & Assessment Platform

[GitHub](#) | [Live](#)

- Designed and developed a production-grade e-learning platform implementing **RBAC** and **JWT authentication**, leveraging server-side rendering for improved performance and user experience.
- Built a real-time code execution system integrating **Monaco Editor** and **WebSocket-based communication**, supporting **Python, Java, C++**, **C**, **JavaScript**, and **Go**.
- Integrated a DSA problem bank of **6,300+** problems, organized by topic, difficulty, and structured learning sheets, with personalized progress tracking.

Workboard – Multi-Tenant SaaS Project Management Platform

[GitHub](#) | [Live](#)

- Built a **multi-tenant SaaS** project management platform with **RBAC**, data isolation via **SQL row-level security**, and Kanban board, time tracking, and OKR workflow modules.
- Developed and tested **RESTful APIs** with input validation, structured error handling, and logging to ensure reliable frontend-backend integration.
- Applied **Object-Oriented Programming** principles and modular architecture for maintainable, scalable backend services.

Achievements

- Solved **380+ problems** on **LeetCode**, demonstrating strong proficiency in **Data Structures & Algorithms** and problem-solving.
- Won a college-level Hackathon** – delivered a full-stack solution under time constraints; recognized for rapid prototyping, clean code, and teamwork.

Education

Kakinada Institute of Engineering and Technology (KIET)

2023 – 2027

Bachelor of Technology – Computer Science and Engineering (B.Tech CSE)
